Getting Started with NI Software in Academic Study

National Instruments wants to help you determine what products you need to be successful in your area of academic study. The following table describes suggested NI software you can use while teaching or researching in each area.

Area of Academic Study	Core Software	Recommended Additional Toolkits or Modules
Data Acquisition and Measurements	LabVIEW SignalExpress	Instrument Drivers DIAdem
Circuits	LabVIEW SignalExpress	Electronics Workbench MultiSim‡
Control and Simulation	LabVIEW SignalExpress	LabVIEW Real-Time Module (RTX and ETS) Control Design Toolkit Simulation Module Simulation Interface Toolkit System Identification Toolkit LabVIEW Embedded Development Module‡
Embedded Systems	LabVIEW	LabVIEW Embedded Development Module‡ LabVIEW DSP Module LabVIEW FPGA Module Digital Filter Design Toolkit
Signal and Image Processing	LabVIEW	LabVIEW DSP Module Digital Filter Design Toolkit Simulation Interface Toolkit NI Vision Development Module Advanced Signal Processing Toolkit
Communications	LabVIEW	Modulation Toolkit Digital Filter Design Toolkit Spectral Measurements Toolkit‡
‡ Software available from NI, not included in NI Academic Site License. Contact your NI representative for more information about this product.
