LabVIEW™ Student Edition Software Suite

This document contains instructions for installing the LabVIEW Student Edition Software Suite.

The LabVIEW Student Edition Software Suite includes the following components:

- LabVIEW Student Edition Software Suite DVD
 - LabVIEW Student Edition for Windows Vista/XP
 - LabVIEW Digital Filter Design Toolkit
 - LabVIEW Modulation Toolkit
 - LabVIEW Control Design and Simulation Module
 - LabVIEW System Identification Toolkit
 - NI LabVIEW SignalExpress
 - NI Circuit Design Suite Evaluation
 - NI Vision Development Module
 - NI Vision Builder for Automated Inspection
 - NI Vision Acquisition Software
- NI Device Drivers DVD
- NI LabVIEW Control Design and Simulation Module for Mac OS CD
- NI LabVIEW Student Edition for Mac OS CD

The LabVIEW Student Edition Software Suite is available to students, faculty, and staff for personal educational use only. Commercial, institutional, research, or professional use is strictly prohibited. Installation is restricted to your personally owned computer.

Faculty and staff may install the LabVIEW Student Edition Software Suite on school-owned computers for testing purposes only. For installation on school-owned computers for teaching or research use, you must obtain the appropriate license. Refer to the National Instruments Web site at ni.com/info and enter the info code `acdsw` for information about academic software site licenses designed to fit your needs.

Installation Instructions

Complete the following steps to install the LabVIEW Student Edition Software Suite.

1. Log on as an administrator or as a user with administrator privileges.
2. Insert the LabVIEW Student Edition Software Suite media and follow the instructions that appear on the screen. If the installer does not run automatically, navigate to the `setup.exe` file on the media and double-click it.

Related Documentation

Refer to the *LabVIEW Help* for information about LabVIEW programming concepts, step-by-step instructions for using LabVIEW, and reference information about LabVIEW VIs, functions, palettes, menus, and tools. The *LabVIEW Help* also lists the LabVIEW documentation resources available from National Instruments. Access the *LabVIEW Help* by selecting **Help»Search the LabVIEW Help**.

Technical Support

Please contact your instructor or professor with technical issues. You also can visit the National Instruments support site at ni.com/support. Web support is available for the LabVIEW Student Edition. Telephone technical support is reserved for instructors and professors only.

To locate additional student resources, refer to the National Instruments Web site at ni.com/info and enter the info code `lvstdnt`.
