Mac OS X DVD			
NI LabVIEW Student Edition	✓	✓	✓
NI LabVIEW Control Design and Simulation Module	✓	✓	✓
LabVIEW MathScript RT Module <sup>†</sup>	✓	✓	✓
<sup>†</sup> To request a version that runs on Mac OS X, visit <a href="http://ni.com/info">ni.com/info</a> and enter the Info Code ASLMathScript.			

The LabVIEW Student Edition Software Suite, the LabVIEW Student Install Option, and the NI Student Install Option are available to students for personal educational use only. Commercial, institutional, research, or professional use is strictly prohibited. Installation is restricted to your personally owned computer.

Faculty and staff may install this software on school-owned computers for testing purposes only. For installation on school-owned computers for teaching or research use, you must obtain the appropriate license. Refer to the National Instruments Web site at [ni.com/info](http://ni.com/info) and enter the info code `acdsw` for information about academic software site licenses designed to fit your needs.

## Installation Instructions

---

Complete the following steps to install the software.

1. Log on as an administrator or as a user with administrator privileges.
2. Insert the media and follow the instructions that appear on the screen. If the installer does not run automatically, navigate to the `setup.exe` file on the media and double-click it.

## Related Documentation

---

Refer to the *LabVIEW Help* for information about LabVIEW programming concepts, step-by-step instructions for using LabVIEW, and reference information about LabVIEW VIs, functions, palettes, menus, and tools. The *LabVIEW Help* also lists the LabVIEW documentation resources available from National Instruments. Access the *LabVIEW Help* by selecting **Help»Search the LabVIEW Help**.

## Technical Support

---

Please contact your instructor or professor with technical issues. You also can visit the National Instruments support site at [ni.com/support](http://ni.com/support). Web support is available for the LabVIEW Student Edition, the LabVIEW Student Install Option, and the NI Student Install Option. Telephone technical support is reserved for instructors and professors only.

To locate additional student resources, refer to the National Instruments Web site at [ni.com/info](http://ni.com/info) and enter the info code `lvstdnt`.
