

# NI Lifecycle Solutions

Mike Neal

A Data-centric Approach to  
Product Lifecycle  
Performance

# Companies Face Pressure to Optimize Performance

# The Impact on Test

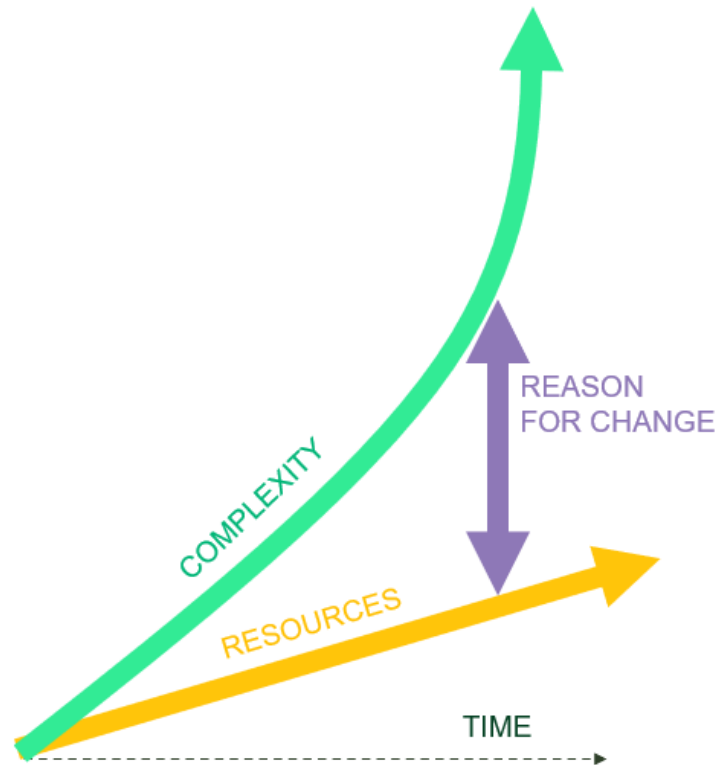

## Time is a precious resource

- Less time to do more test activities

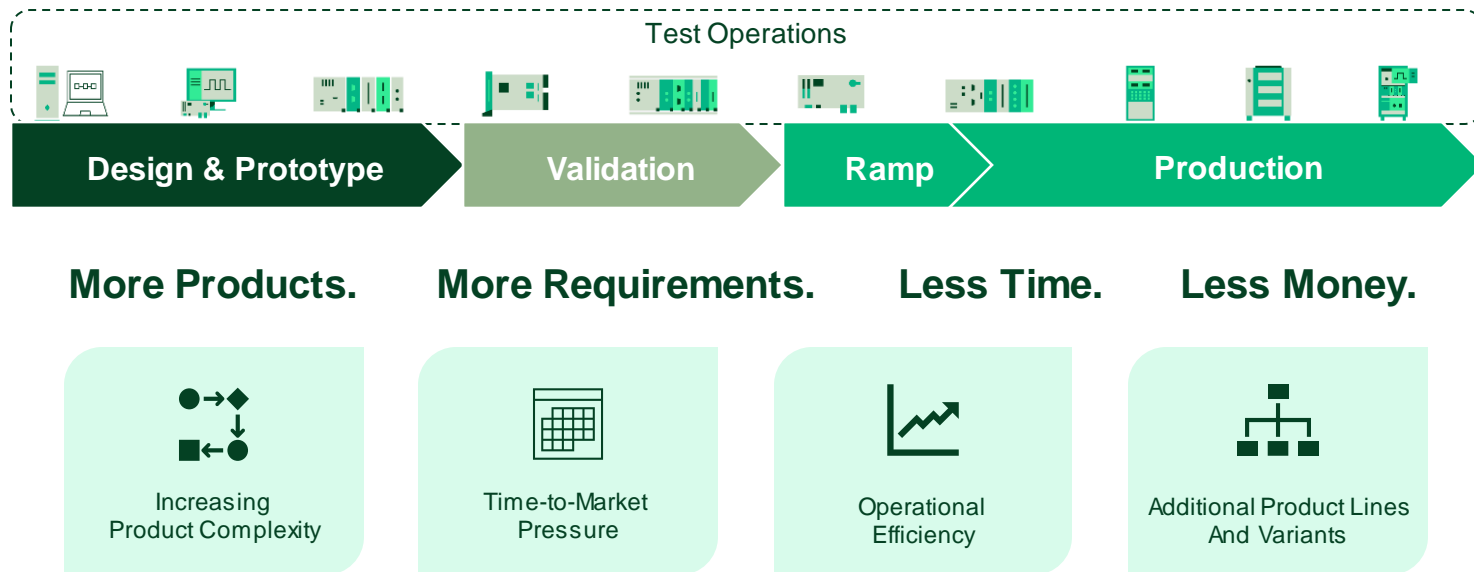

## Lack of efficiency / resources

- Lack of reuse within / across teams
- Limited time to improve processes

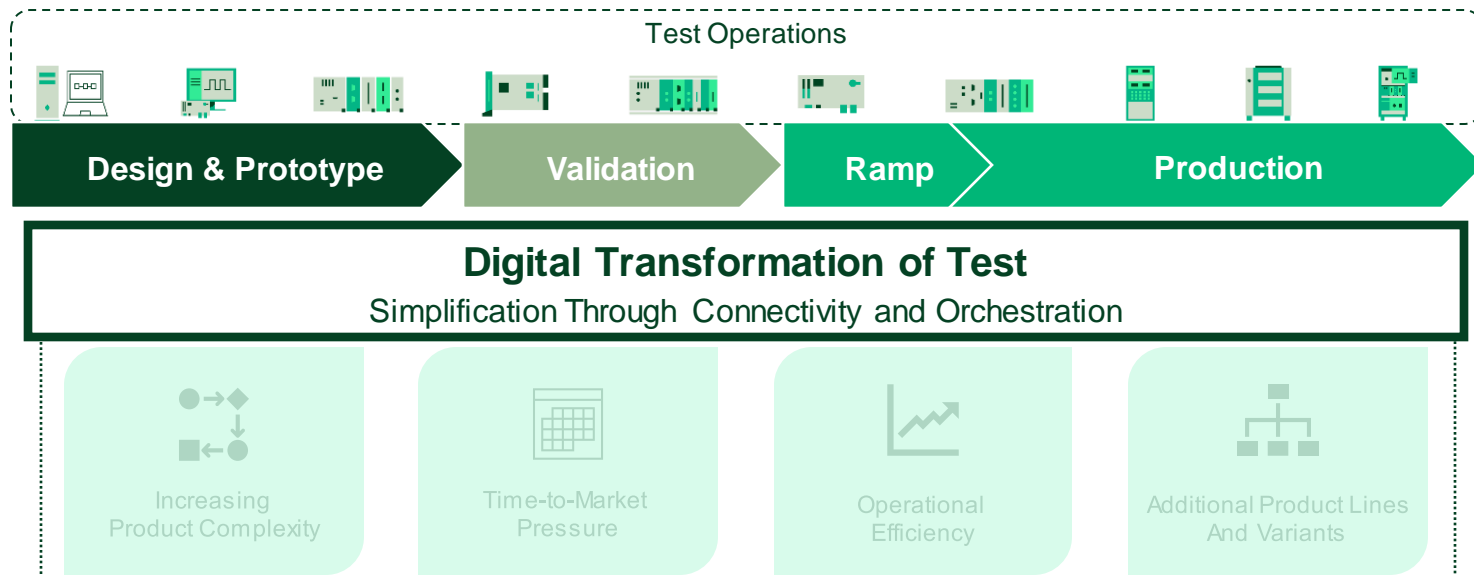

**The gap between complexity and resource availability keeps growing**

Equipment, and Academia

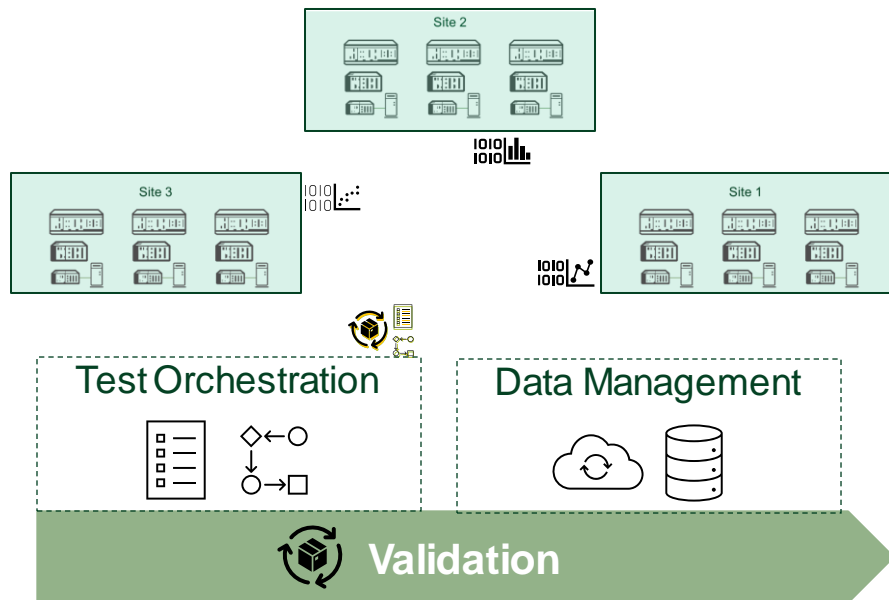

Broad Product Applications

Validation

Production

# NI Lifecycle Solutions: Streamline Validation

**90% Decrease**  
System Deployment Time  
Across 170 systems

**20x Faster Analytics**  
on  
500 GB/day

**Production**

# NI Lifecycle Solutions: Optimize Production

**90% Decrease**  
System Deployment Time  
Across 170 systems

**20x Faster Analytics**  
on  
500 GB/day

## Test Orchestration

## Data Management

**Validation**

## Equipment Efficiency

## Adaptive Manufacturing

**Production**

**~25% Decrease**  
Cycle Time

**>25% Decrease**  
Scrap

**>10% Increase**  
Process Yield

**>30% Decrease**  
Rework

# NI Lifecycle Solutions: Direct Operational Impacts

**90% Decrease**  
System Deployment Time  
Across 170 systems

**20x Faster Analytics**  
on  
500 GB/day

## Test Orchestration

## Data Management

**Validation**

**~25% Decrease**  
Cycle Time

**>10% Increase**  
Process Yield

**>25% Decrease**  
Scrap

**>30% Decrease**  
Rework

# NI Lifecycle Solutions Framework

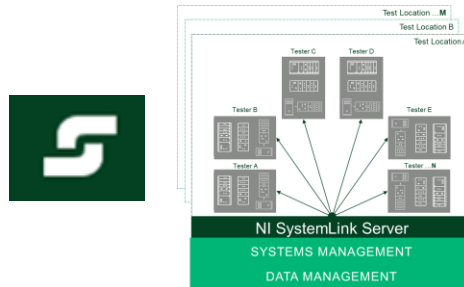

# NI Connect: Data & Insights Track

## Sessions 2-6: Dive Into the NI Lifecycle Solutions Framework

### Framework Explained

### Products and Implementation

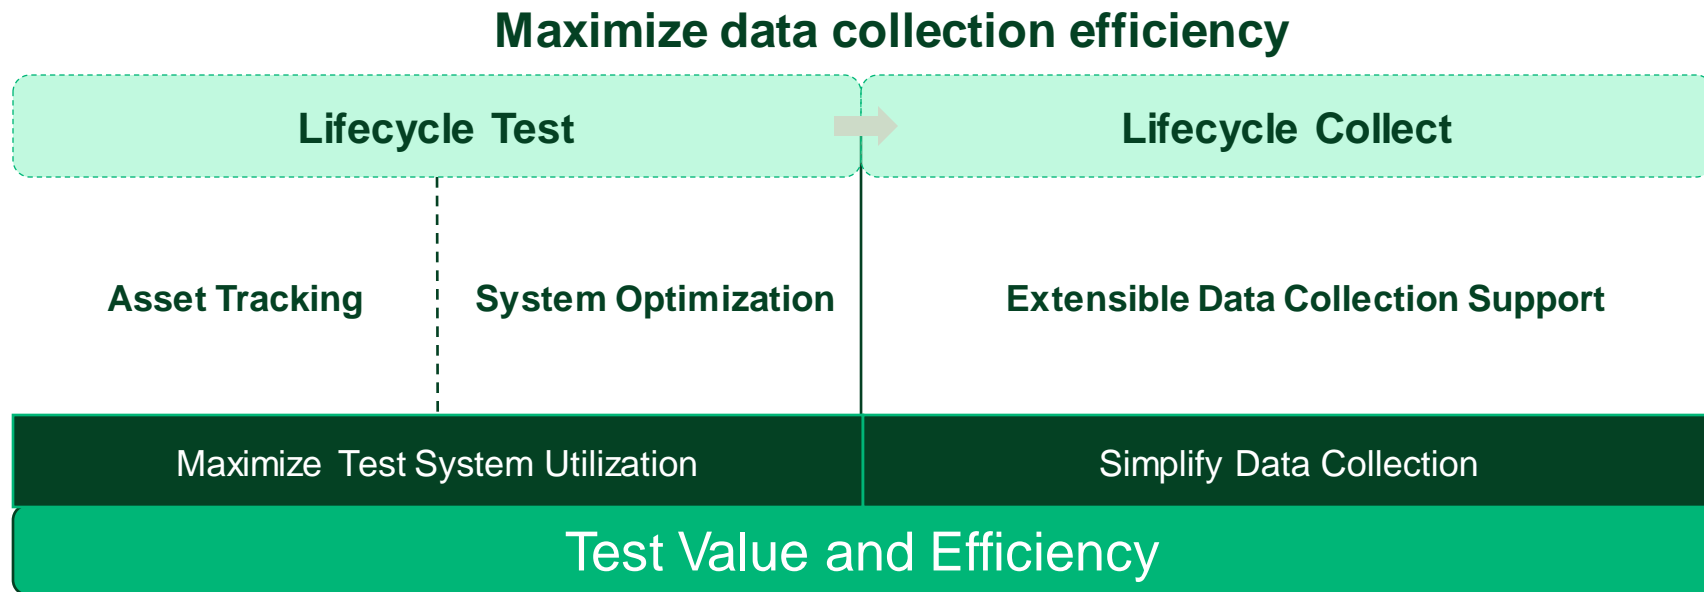

### Use-Case Examples:

- Data Harmonization
- Validation System Management
- Adaptive Manufacturing
- CM/Supplier Management
- Overall Equipment Efficiency

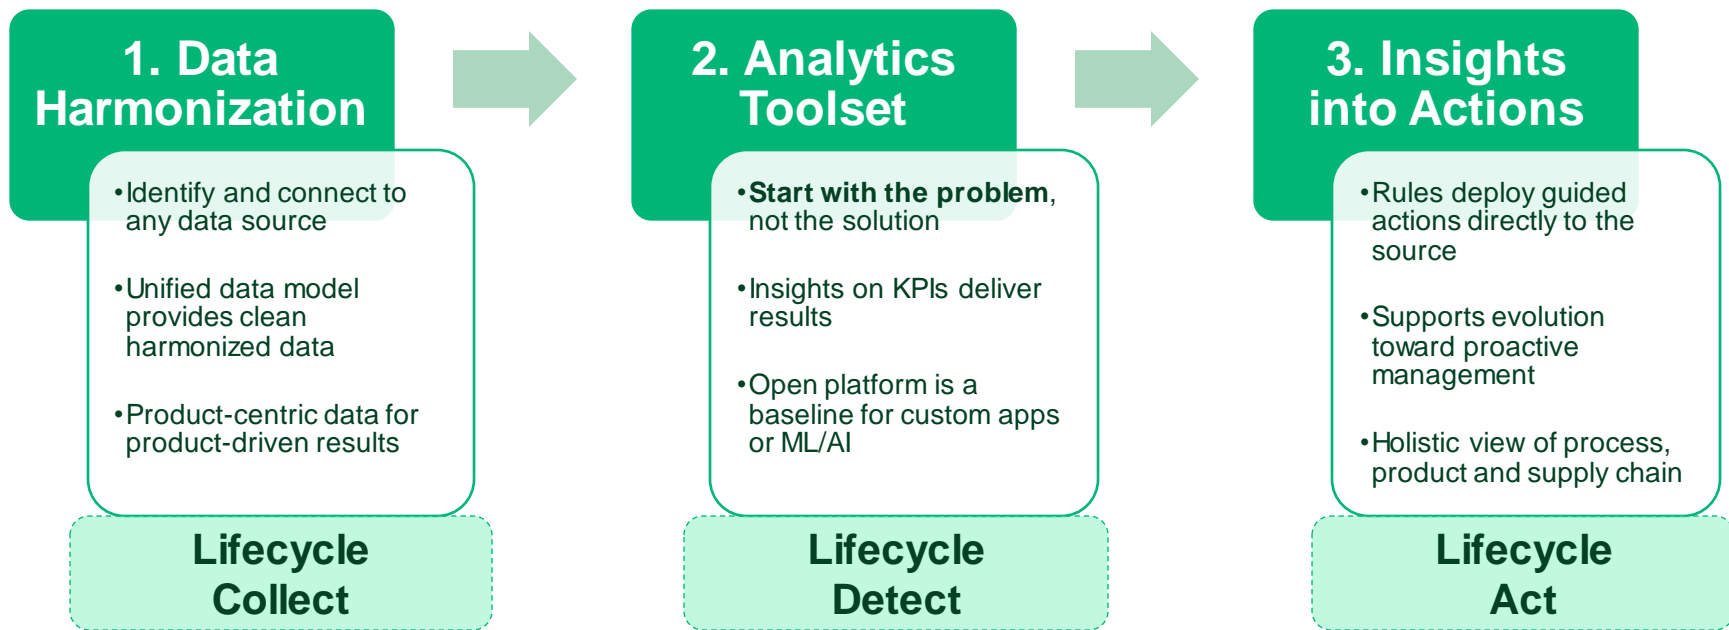

Customer Speaker:  
**Analog Devices**

## Session 2: Maximizing Test Value with Centralized Orchestration

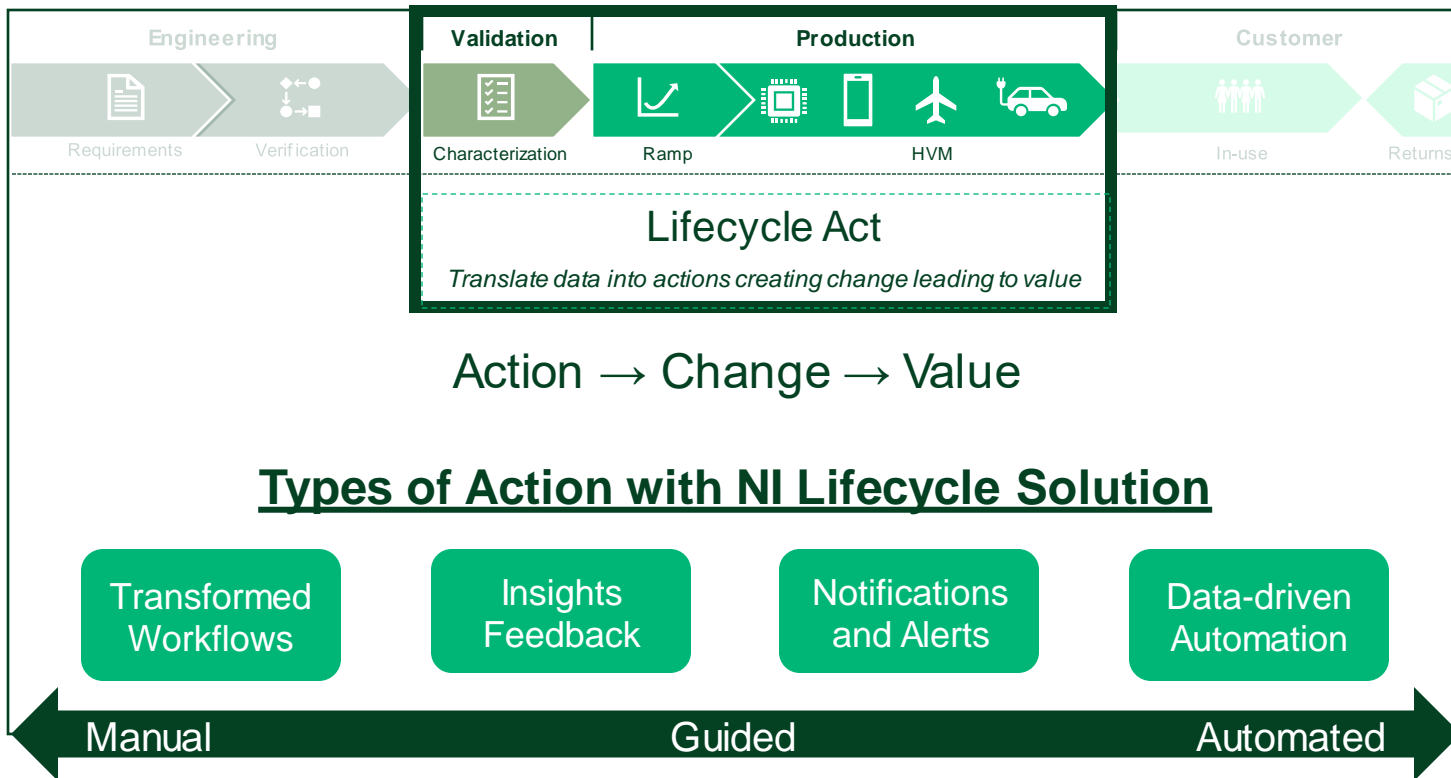

## Session 3: Turning Data into Actions

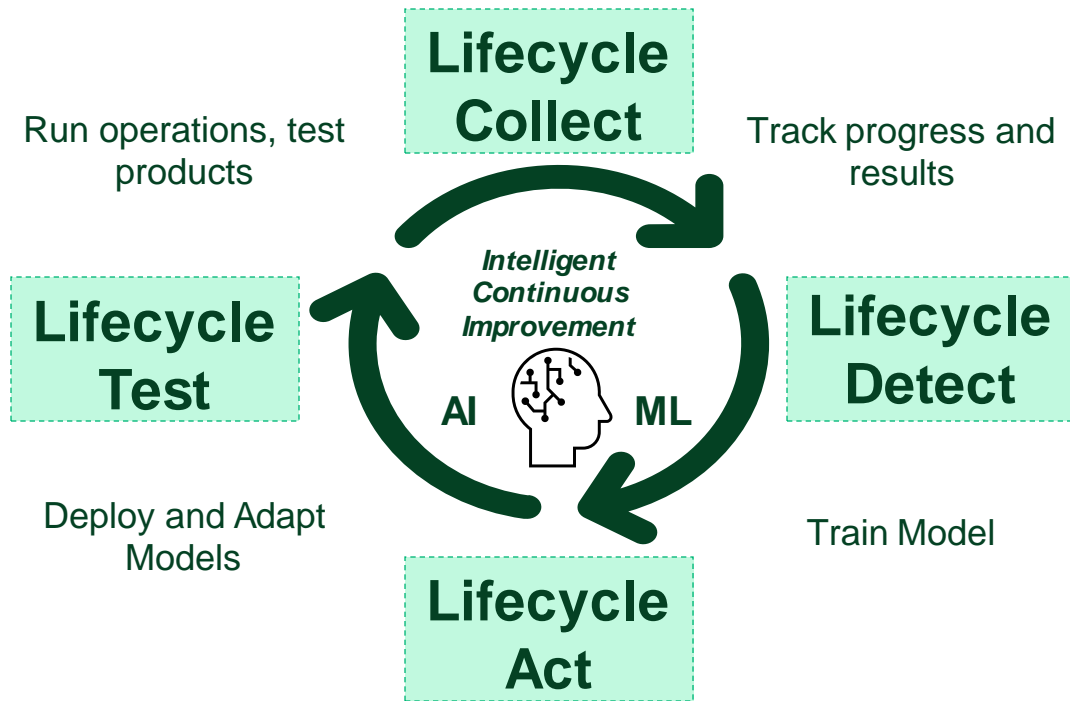

# Guest Speaker: Analog Devices

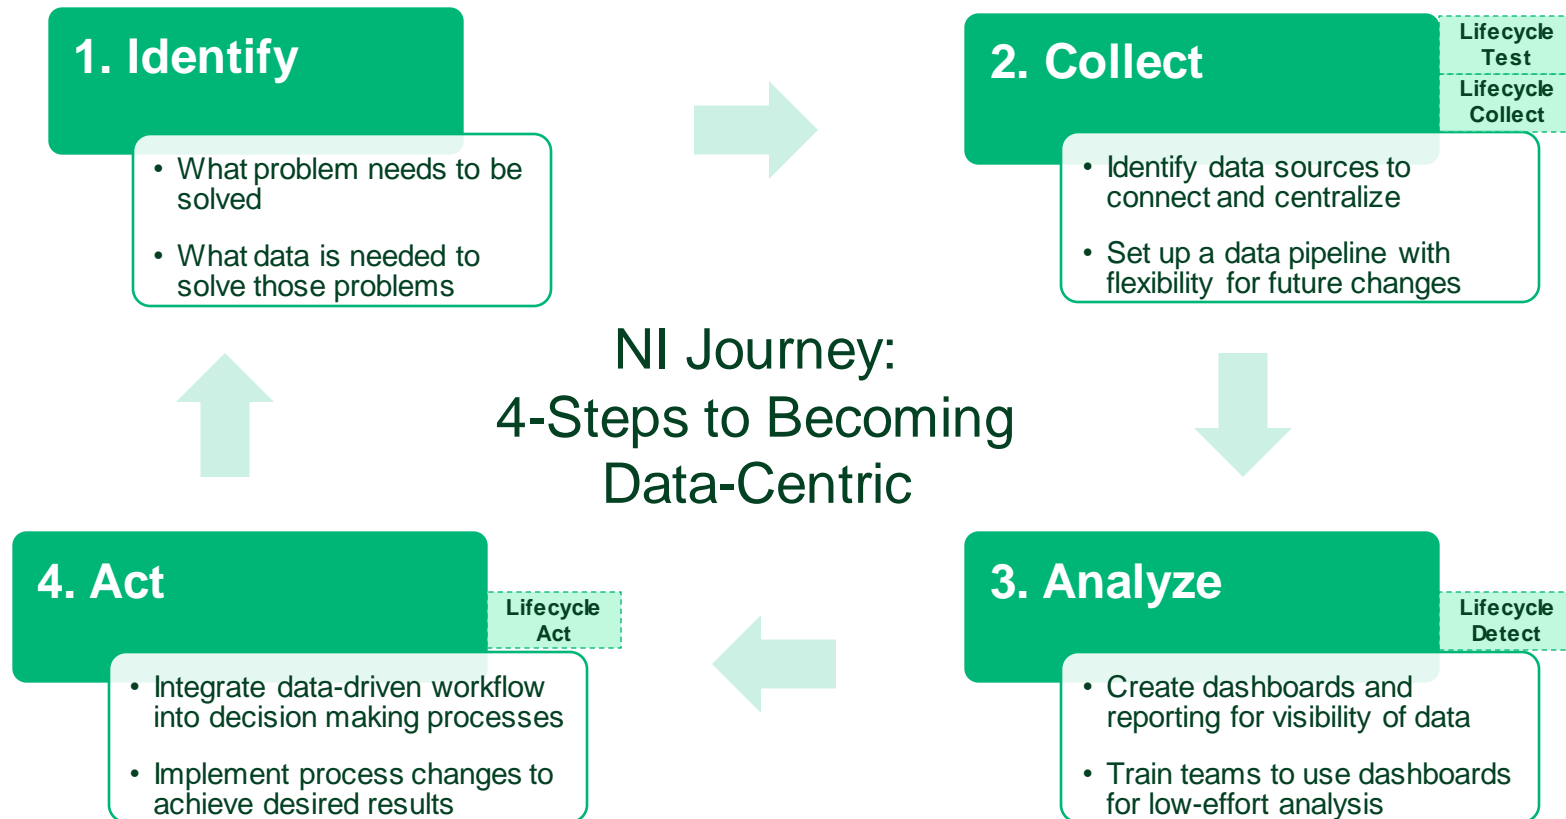

# Session 4: NI in Action

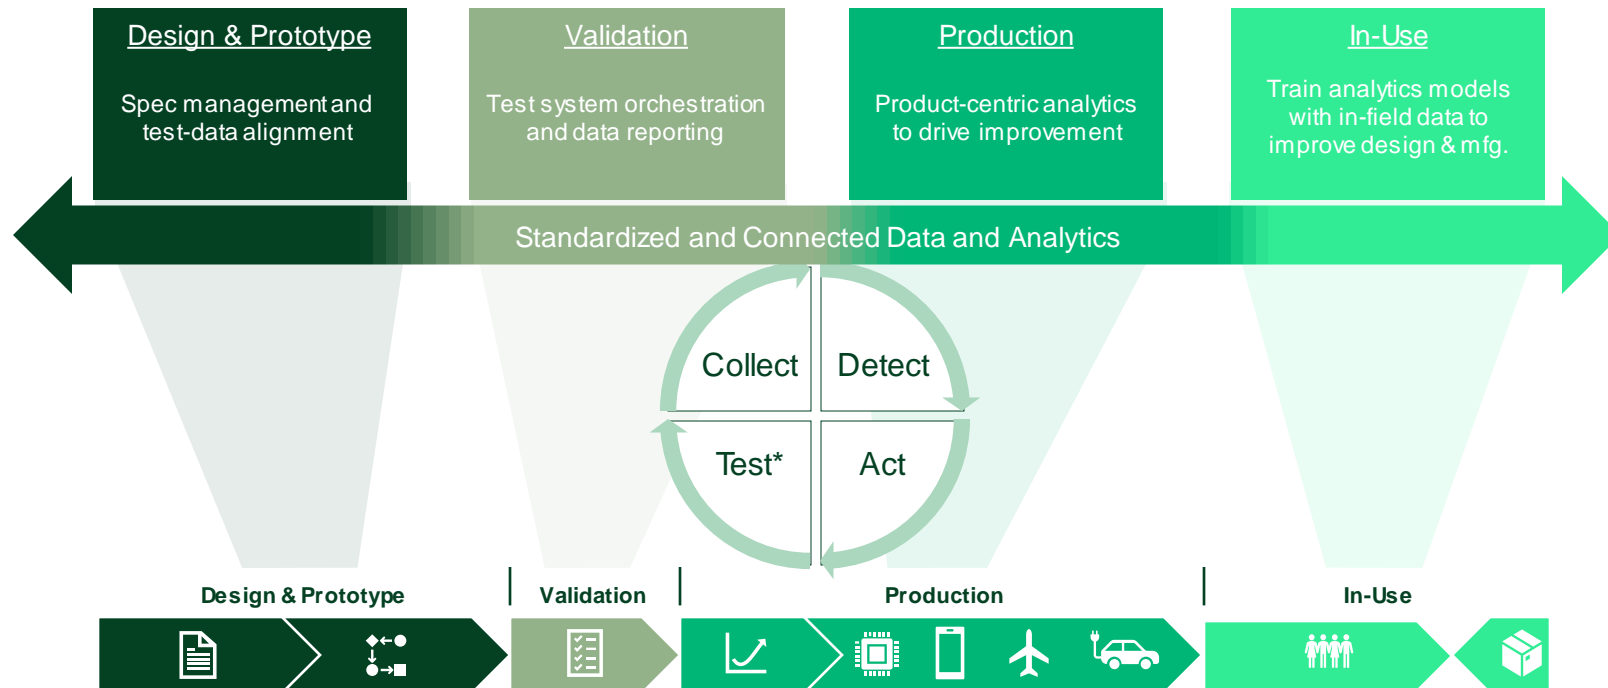

## Session 5: Making Actions Smarter with AI/ML

# Session 6: Bringing it All Together with NI Manufacturing

# NI Lifecycle Solutions

National Instruments  
is now NI.
