

## USER GUIDE

# NI PXIe-1085 Chassis Fan Replacement

This guide describes how to install the NI PXIe-1085 chassis fan replacement kit.

## Installing Replacement Fan Modules

---

Follow these steps to remove a failed fan module:

1. Pinch both snaps at the top of the fan module simultaneously.
2. Rotate the fan module downwards and remove from the chassis, as shown in Figure 1.

Follow these steps to install a new fan module:

1. Insert the tab that projects from the bottom of the fan module into the slot on the back of the chassis. Be sure the tab catches on the bottom of the slot.
2. Rotate the fan module upwards.
3. Pinch both snaps at the top of the fan module, rotate the module until it is flush with the chassis, and release the snaps.
